## THE UNTOLD STORY OF THE GALLIPOLI LANDING.

*GALLIPOLI FROM ABOVE* overturns many of the myths surrounding the World War One landing. Many people believe that the Australians landed at dawn, on the wrong beach, with little knowledge of the Turkish defenses and that they were led by incompetent British officers. In fact nothing could be further from the truth.

### THE AUSTRALIANS

ran their own show using aerial intelligence, emerging technology and innovative tactics to land 20,000 troops on a heavily defended and precipitous shoreline. They used an aircraft carrier, a tethered balloon and a squadron of biplanes to gather detailed information on the disposition of the Turkish defenders and developed a plan for the landing that avoided significant casualties. It is now nearly 100 years since the landing and hundreds of

books, movies and documentaries have failed to grasp the significance of the ANZAC achievement.

### GALLIPOLI FROM ABOVE

is presented by HUGH DOLAN and based on his book *36 Days: The Untold Story Of The Gallipoli Landings*. Hugh is a recently retired RAAF intelligence expert. After completing a masters degree in history at Oxford University, he enlisted in the British Army as a private. He served in Bosnia as a junior NCO and has since worked as a senior intelligence officer in both Iraq and Afghanistan.

*GALLIPOLI FROM ABOVE* sets out to change the way the world thinks about Gallipoli forever.
