QUIMBO'S Quest

It's OK to be different, like Quimbo

Aimed at children aged 6-8, *Quimbo's Quest* is an animated series that follows Quimbo, a kid who doesn't look like any other human or animal that's ever been seen before. He wants to know who and what he is. So he embarks on a quest!

He's a fearless adventurer, and with the help of his good friends, Sammy the Spider and Jazz Apple, he explores the planet in a series of hilarious escapades.

In each episode Quimbo goes on an adventure across the world, meets different species of creature with which he shares some physical similarity, and discovers something cool about himself. Whether it's his super camouflage chameleon arms, or his excellent

climbing monkey legs – all his body parts come in handy as he helps his new friends to outsmart their predators, and avoid falling victim to his arch nemesis... Nefarious Nab and his sidekick, Tobias.

By the end of *Quimbo's Quest*, he realises that it's OK to be a bit different and unique, as there is always something he can find in common with the animals he meets on his epic journey.
