

MANUFACTURED

WHY IT'S MADE, HOW IT'S MADE AND WHO MAKES IT.

From the inventors to the factory floor workers, *Manufactured* tells the story of great products. The hero of this show might be a tool, tyre or toilet. Each episode follows the conception, history and manufacture of three products. These include the Stetson hat, signature profile of the Wild West; Toto Drake II toilet, the best thing to happen to bathroom visits; Zippo lighter, a flick of fire guaranteed for life; Vitamix blender, the power tool for your meals and Jack Daniel's Old No.7 Tennessee Whiskey, the highest selling American whiskey to date. Through original filming, historical stock footage and interviews, *Manufactured* tells the stories of thirty-nine iconic products from prototype through to the production line.
