

WHEN WE NEED IMMEDIATE MEDICAL ATTENTION, THE EMERGENCY CARE EXPERTS ARE THERE.

Medics looks at the highly-skilled emergency services and the incredible work they selflessly and courageously do each day.

From the frontline, paramedics are followed on the road as they deal with critical call outs. In the busy Accident & Emergency departments, the emergency doctors and consultants deal with a vast array of cases from critical life-threatening wounds to simple, yet tricky, injuries.

Each episode contains a mix of cases and call outs. The action cuts from the fast out-on-the-street paramedic action to the busy, yet controlled, A&E departments. All of the care is carried out by the warm, charismatic and candid team of medics.
