

A VITAL LIFELINE FOR
THE CHANCE TO SURVIVE...

Life Flight

If you suffer a medical emergency or are involved in a serious accident, the time that medical help saves by flying could save your life. This dramatic series follows the inspirational men and women of the Life Flight Trust. They crew and operate the 24/7 emergency air service out of Wellington, New Zealand, in some of the most challenging flying conditions in the world.

On average Life Flight flies one mission every six hours. This series witnesses a farmer attacked by a bull and left fighting for his life; a motorist hit by a freight train; the dramatic rescue of a stranded yachtsman at sea; a husband fighting to save his wife's life by administering CPR; and a hunter who makes the difficult decision to leave his incapacitated mate behind in the bush to raise the alarm. The Life Flight crew are an essential lifeline to give people the chance to make it against the odds.
