DAMAGE CONTROL

NARRATED BY RUSSELL CROWE

INJURY. Every athlete's dread - The instant their hard-fought careers plunge from glory to gut-wrenching disaster. From this moment an army of doctors, physios, surgeons, coaches and support teams swing into action.

THEIR SOLE AIM: Damage Control - The extraordinary real life drama of trauma, surgery, rehab and, for the lucky ones, return to glory. The constant pressure for athletes to perform takes its toll. Bodies pushed to the limit with no thought of self-preservation. Every damaged athlete has a personal story - the shock of injury, the brutality of surgery, the burden of rehab and the emotional return to doing what they live for: playing elite competitive sport.

DAMAGE CONTROL: The series has unprecedented access to intimate moments when sporting careers are on the line; anguish when an athlete's highly-tuned body becomes the enemy and delight as the months of rehabilitation are rewarded with again playing the game they love.

CONTROL: RECONSTRUCTIVE SURGERY
