## SYNOPSIS

---

Robyn Loxley is a woman with a secret. While her activist mother Tressie Loxley works to save their home of Sherwood Towers from greedy developer John Prince, Robyn feigns disinterest while running off at night to record underground videos with her friends – Much and Alan Dale as the masked rappers known as *The Hood*.

But Robyn's life changes forever when John Prince, angered by Tressie's latest protest, enlists the ice-cold Sheriff of New Nottingham to arrest Tressie - an operation that ends in tragedy and changes Robyn and Tressie's lives forever.

Despite the help of Marian, Tressie's pro-bono lawyer, Robyn and her sister Jill Scarlett can't free their mother from the Sheriff's incarceration. Worse, Robyn soon learns that Prince and the Sheriff plan to murder Tressie to silence her forever.

Desperate to save her mother, Robyn recruits her friends, the newly returned veteran Little John, and enigmatic hacker Tuck, to steal from Prince's prized collection of historical treasures and free her mother from the Sheriff's detention.

Though the heist nearly ends in disaster, Robyn and her friends make off with Prince's prized Rolls Royce, and after saving her mother, turn their robbery into a music video to mock Prince and the Sheriff.

To keep her family safe from the Sheriff and the community out of Prince's clutches, Robyn and The Hood must rob from the rich, give to the poor, and save the people she loves.

### Season 1: 8 x 60 mins.

Season one follows Robyn on a journey from reluctant thief to the hero of Sherwood as she discovers her potential and leads her friends to greater and more dangerous heists, battling John Prince, the Sheriff, and a lethal new threat, psychopathic gangster Guy Gisbourne.

As *The Hood* takes the fight to John Prince, the band will go from obscure internet rappers to a viral phenomenon, fusing activism, outlaw adventure, and music in a totally new way.

Meanwhile, Robyn finds herself torn between loyal, stalwart Little John and enticing, romantic Marian, the lawyer trying to keep her mother out of jail.

Struggling with Tressie's life-changing injury and fighting to keep her out of jail will weigh on Robyn's family, especially as her double life begins to take a toll. But nothing can stop the inevitable, and Jill discovers the truth – and wants in.

As Prince and the Sheriff ramp up their assault on Sherwood, Robyn's heists grow more daring and dangerous, building from stealing Prince's car to robbing a pharmaceutical company and raiding Prince's son Chet's birthday party.

For every slick heist and outlaw battle with the Sheriff's deputies, John Prince will hit back harder, and it won't be long before Robyn's luck runs out, when an unholy alliance between Prince, The Sheriff, and Guy Gisbourne draws The Hood into a trap that sparks chaos in New Nottingham, leading to a climactic confrontation which brings Robyn full circle from cynical dropout to the hero willing to lay down her life for her friends and family.
