# FAIRYTALE

By Sebastiano Mauri  
With Filippo Timi, Lucia Mascino, Luca Santagostino

United States, the 50s. Amongst stuffed poodles, whiskey infused teas, sinful mambo lessons and threats of alien invasions, Mrs. Fairytale spends her days locked in her dream home and without a moment of breath. A surreal world where the aspirations and hopes of our characters take shape then collide, crash and finally come true. A dream, perhaps, where anyone can finally be who they want to be, but behind which hides another upsetting reality.

**Artist Sebastiano Mauri gets first time behind the camera along with the DOP Renato Berta (*Au Revoir Les Enfants, Merci pour le Chocolat*), Production Designer Dimitri Capuani (*Gangs of New York, Tale of Tales*) and Costume Designer Fabio Zambernardi (Design Director of Miu Miu and Prada).**

## DIRECTOR'S STATEMENT

*Fairytale's* style harkens back to the 1950s chromatic tradition of Douglas Sirk. Colors are used to describe our character's world, but also to embrace their states of mind. It is an imaginary world, reconstructed in Hollywood Golden Age style.

A dark comedy that uses irony to portray serious themes as it tells the story of the awakening of an extraordinary American woman: white, middle-class transsexual.
