## From the creators who brought you *The Good Wife* and *Evil*

A year after the series finale of *The Good Wife*, an enormous financial scam destroys the reputation of young lawyer Maia Rindell and wipes out the savings of her mentor and godmother, Diane Lockhart. Once forced out of their law firm, they join Diane's former employee at a prestigious African American-owned firm making waves by taking on Illinois police brutality cases.

Like *The Good Wife*, **THE GOOD FIGHT** makes use of an extensive cast of supporting characters, including a recurring stable of opposing counsel, clients, police officers, FBI agents, judges, and politicians. Many are played by well-known guest stars.
