TYLER PERRY'S SISTAS follows a group of single Black women navigating their "complicated love lives," careers, and friendship through the ups and downs of living in a modern world of social media and unrealistic relationship goals. In this new season, Tyler Perry takes viewers on an exhilarating ride of emotions and gut-busting predicaments that will test the ladies' long-standing friendship. This band of women, intertwined with their newfound relationships, must navigate this new-age dating scene as they continue to search for love in their 30s.
