The U.S.S. *Cerritos* is back in action with a season that's bigger, funnier and Star Trekkiest than ever before

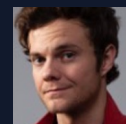

STAR TREK: LOWER DECKS follows the support crew on one of Starfleet's least important ships, the U.S.S. *Cerritos*, in 2380. Ensigns Beckett Mariner, Boimler, Rutherford and Tendi have to keep up with their duties and their social lives, often while the ship is being rocked by a multitude of sci-fi anomalies.

In season four, an unknown force is destroying starships and threatening galactic peace. Luckily, the crew of the U.S.S. *Cerritos* isn't important enough for stuff like that! Instead, Ensigns Mariner, Boimler, Tendi, Rutherford and Provisional Ensign T'Lyn are keeping up with their Starfleet duties, avoiding malevolent computers, and getting stuck in a couple caves— all while encountering new and classic aliens along the way.
