Season 1 (10 eps total)  
Premiere Date: October 7, 2022

Inspired by the original hit Swedish novel and film, the thrilling high-stakes drama series will upend genre expectations, turning a naturalistic lens on human frailty, strength, and compassion

LET THE RIGHT ONE IN centers on Mark and his daughter Eleanor, whose lives were changed forever ten years earlier when she was turned into a vampire. Locked in at age 12, perhaps forever, Eleanor lives a closed-in life, able to go out only at night, while her father does his best to provide her with the minimal amount of human blood she needs to stay alive.

How far would you go to save your child from the monsters out there? Would you risk becoming a monster yourself?
