

AN UNEXPECTED CHRISTMAS

SERIES INFORMATION
Hallmark Channel • Holiday Romance • 83 Mins
Premiere Date: November 26, 2021

Bethany Joy Lenz (*One Tree Hill*, *Five Star Christmas*) and Tyler Hynes (*It Was Always You*, *Roadhouse Romance*) star a new, original Hallmark Channel movie

Jamie (Hynes) travels home a week before Christmas but he still hasn't told his family he broke things off with his girlfriend Emily (Lenz), whom they adore. When Emily arrives in town unexpectedly for work, Jamie offers her a deal – he'll get the Governor to deliver the Christmas Day address for her marketing campaign and in return, Emily will stay with his family for the week under the pretense she and Jamie are still together. What follows is a week of awkward fumbling and near misses as Jamie and Emily try desperately to keep their true relationship status a secret. Eventually, their ruse begins to unravel. Just when it seems like Christmas has been ruined, Jamie pulls out all the stops to make things right, resulting in a very unexpected Christmas.
