When besties get together, anything can happen—and it ALWAYS does!

In the Koreatown-inspired city of Pleasantburg live Bossy Bear and Turtle - a pair of besties who are the quintessential odd couple. Where Bossy is loud, enthusiastic, and a little too committed to his wild ideas, his best friend, Turtle, complements his personality by being low-key, unassuming, and always the voice of reason. But despite their differences, the duo are inseparable, emotionally in sync, and always ready to navigate through hilarious and outlandish adventures together! Based on the book series by David Horvath.
