UK Premiere: January 2, 2022

Tom Hanks is the Hollywood star of our times. His movies have earned billions and won countless awards. But what lies behind his extraordinary success? *Tom Hanks: Hollywood's Mr. Nice Guy*, reveals what drove Tom to the top and what has kept him there.

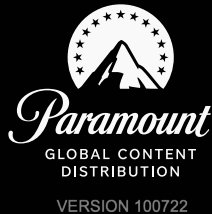

Tom Hanks is near universally admired as the nice-guy who came first. But what lies behind his extraordinary success?

A host of friends and industry insiders chart Tom's struggles, success and remarkable rise to super-stardom through one of the most astonishing golden periods in Hollywood history, eleven consecutive mega-hits that included back-to-back best actor Oscars for *Philadelphia* and *Forrest Gump*, *Cast Away* and *You've Got Mail*, and explore his more recent move into real-life roles like *Captain Phillips*. And it's revealed that yes, he really is as nice as everyone says he is.
