

SERIES INFORMATION
HBO Max • Drama • 60 Mins
Season 1 (10 eps)
Language: Spanish
S1 Premiere: October 3, 2021

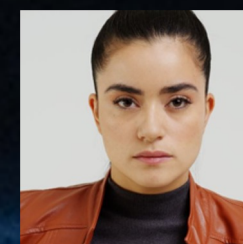

A murderer compelled to kill for revenge, an investigator looking for the truth. **BEFORE I FORGET** ties the lives of these two strangers together before Alzheimer's destroys them both. Adapted from the successful Turkish series 'Sahsiyet'.

Pascual Leon, a 65 year-old retired bachelor, finds the meaning of his existence, once he's been diagnosed with Alzheimer's Disease, by avenging a heinous crime he witnessed years before. His serial murders set off a criminal investigation led by Jimena, the young female officer to whom Pascual dedicates each of his killings. His crimes force her to reach back into her childhood memories to connect the ties between the murders, ultimately uncovering the truth. While Pascual forgets, Jimena must remember.
